- LED lighting within glovebox

ALL-NEW PEUGEOT 308 PLUG-IN HYBRID 100% ELECTRIC WITHOUT COMPROMISE

LIVE THE POWER OF CHOICE

Plug-in HYBRID powertrain:

The new PEUGEOT 308 plug-in HYBRID is available with two options:

- HYBRID 180 e-EAT8 with our efficient Puretech 150 engine combined with a 81kw electric engine.
- HYBRID 225 with our efficient Puretech 180 engine combined with a 81kw electric engine.

The new PEUGEOT 308 plug-in HYBRID features the following key elements:

TECHNICAL

Efficient Puretech 150 /180 engine combined with a 81kw electric engine, complete with the electrified EAT8 gearbox (e-EAT8).

This efficient combination gives you a combined power output of either 180hp (110kW) or 225hp (132kW) as well as a lively and stimulating drive with immediate reactivity.

Battery: Li-Ion 12.4kWh (102kW)
Warranty: 8 year/100,000 km
(For 70% of original capacity)

EMP2 V3 platform

The new EMP2 V3 platform has been developed to incorporate an ICE engine along with an electric motor whilst preserving space on board and boot volume. Particular attention was given to weight reduction and balance to make sure the driving experience in the PEUGEOT 308 is as rewarding as possible.

Charging flexibility with 2 modes available

Domestic (AC): 1.8kWh from a domestic 3-pin socket, full charge in 7hrs (accessory cable needed)

Standard: 7.4kWh from a wall box, full charge in 3 hr 50mins

Standard: 7.4kWh from a wall box, full charge in 1 hr 55 mins (with optional 7.4kWh on board charger)

USAGE

3 driving modes

In the new PEUGEOT 308 plug-in HYBRID you will be able to choose between 3 driving modes:

Hybrid – alternation of electric and internal combustion engine driving to optimise the use of energies

Electric – allows for 100% electric driving

Sport – uses all of the power of internal combustion and electric engines for maximum performance

PLUG-IN HYBRID STYLING

The new PEUGEOT 308 plug-in HYBRID comes with distinctive and exclusive touches:

‘Distinctive HYBRID badging on the rear tailgate.’

The new PEUGEOT 308 features specific technological animations and menus on the touchscreen so that you can access easily all the information needed.

‘Specific HYBRID graphics available through the New i-Cockpit® & Touchscreen.’

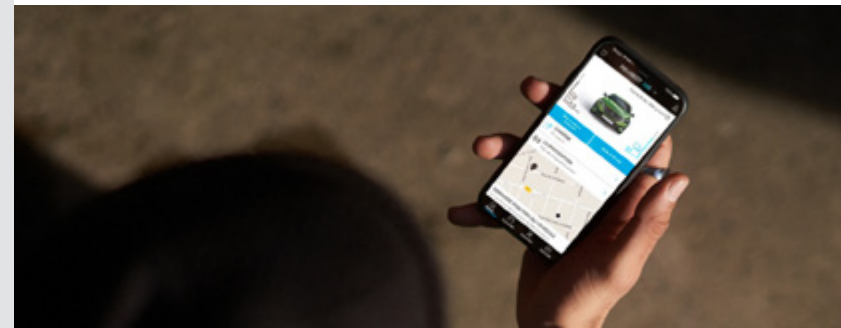

e-SAVE FUNCTION allows you to save or regenerate all or part of the battery for later use during your journey.

MYPEUGEOT® APPLICATION

Charge management - Control, plan, launch and check the vehicle's charge remotely.

Climate preset - Remotely plan and control the heating or air conditioning in the interior of your car.

e-Coaching - Consumption logs and statistics

Images used for illustration purposes only. Wheel trims vary according to market. Please refer to alloy wheel options.

EXTERNAL DIMENSIONS FOR PARKING

Width with front / rear doors open (mm)	3650 / 3356
Width with door mirrors open / folded (mm)	2062 / 1859

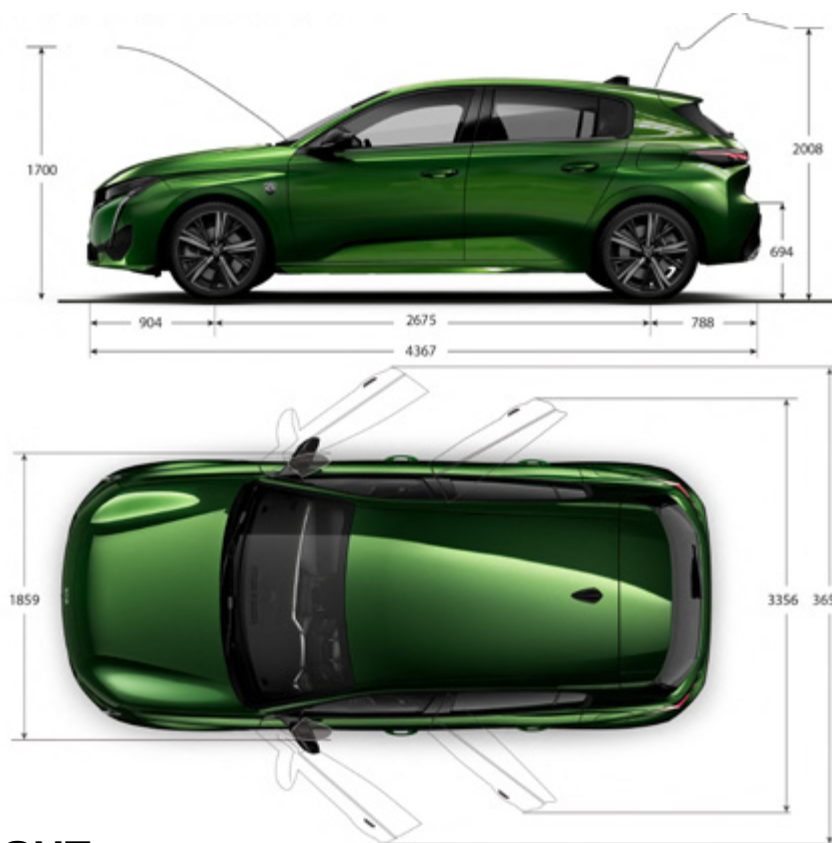

INTERNAL DIMENSIONS

Number of seats	5
Front / rear elbow room (mm)	1443 / 1411
Front / rear shoulder room (mm)	1428 / 1367
Front / rear head room (mm)	891 / 866

BOOT, STORAGE & FUEL TANK

Length with rear seat back up / folded (mm)	770
Width between wheel housings (mm)	1050
Min. boot volume (litres)	412 / 361
Max. boot volume (litres)	1323 / 1271
Fuel tank capacity Puretech & Diesel / HYBRID (litres)	52 / 40

The information contained in this specification sheet, is based on the data and images available at the time of publication. Some photography may feature left hand drive models. All images shown are for illustration purposes only. Photographic processes used may alter the depth and tone of the colours shown. As part of a policy on continuous specification improvement, Peugeot reserves the right to modify colours, trims, engine range, options and standard equipment at any time. This specification sheet is not a contractual document or offer of sale.

The specified fuel consumption and emission values are the official figures obtained from tests under standardised EU test conditions in accordance with the Worldwide Harmonized Light Vehicles Test Procedure (WLTP), a more realistic test method for measuring fuel consumption (l/100km) and CO₂ emissions and are correct at the time of print. WLTP replaces the previous NEDC test method. The included values reflect the standard vehicle excluding additional equipment such as optional extras and accessories which may have an effect on the fuel consumption (l/100km) and CO₂ emissions produced. You can discover more about the WLTP at peugeot.ie/brand-and-technology/wltp
